

Faith will overcome the most miserable circumstances

HE IS HERE

Alleluiah,
Christ is born!

On this His natal day, may we
venerate and respect Him, whose
name shall be called wonderful
counselor, the mighty God, the
everlasting Father, the Prince of
Peace. May the time we spend
in thought and treasure for the
welfare and happiness of others,
be tempered with true Christian
devotion. May our Yule-log glow
with His presence. A Merry
Merry Christmas to all.

Gazette Fiddles
With Words While
Tax Storehouse Burns

The difference between a newspaper and the Arkansas Gazette is that the one speaks out before an election in language the people understand, while the other safely waits until after the election and then utters oracular words nobody understands.

I am aware that these remarks put me in the painful position of seeming to belabor a declining dog, for it is obvious even to the casual reader that the Gazette is no longer the institution of character, courage and truth that it was a decade ago. Nevertheless, the Gazette said something editorially Saturday, December 25, which requires a reply from the honest section of the Arkansas press.

Said the Gazette:
"The cities have virtually abandoned adequate assessments as the solution of their urgent financial problem—or at least cities have not turned to assessment reform for a solution of their difficulties."

"If the men who wrote the Constitution of 1874 could be asked today, Why did you limit city tax rates to 5 mills and why did you limit other taxes? They might naturally answer with the question, Why hasn't property been assessed at figures that would yield more revenue?"

Now the record will show that the Arkansas Gazette never said a favorable word when the Joint Tax Revision Committee was trying to draft an assessment reform measure two years ago—neither then, nor last spring, when Governor Cherry was trying to decide whether to make an effort to rally public support for the bill or abandon it.

All that the Gazette now says about the cities robbing the state government instead of raising their own funds is mere lip service to a cause the Gazette won't fight for when the chips are down.

Ever since adoption of the state sales tax in 1928—a tax which the State has refused to pay—this newspaper has been firing blasts at the County Taxpayers' Association and the Municipal League of Arkansas for their systematic diversion of sales tax funds which should be dedicated to the benefit of the public schools, aged paupers, orphans, and the blind.

But after all these years, and obtaining no results, the Star concluded that the problem had to be tackled through a reform of the property assessing system.

I think.
But the Gazette, having no convictions, could reach no conclusion. It is as evasive as the French parliament in making a law for the abolition of the obligatory retirement.

NBC announced yesterday that 66 bases of that already opened contained \$217,500 and another 64 bases are expected to yield an additional \$200,000.

The appeal was made by Ralph Edwards in "This is Your Life" program, which last week told the story of Dr. L. C. Jones, 70, a Nashville, Tenn., physician who died at Piney Woods.

Edwards asked a million people to contribute to a fund for continuing and expanding the school.

More than 5,000 privately owned industrial organizations employ 200,000 workers in their own scientific institutions.

Four persons were injured about 4:15 p. m. yesterday on Highway 67, just east of Prescott and charges of driving recklessly were filed against one of the drivers.

Policeman Travis Ward reported that Mr. and Mrs. James Mason and daughter, Frankie Rachel, Chicago, were treated at a Prescott hospital. Mason, 40, sustained internal injuries; his wife a leg injury and his daughter, Lorraine, 12, a fractured arm.

Record Holiday Death Toll Is Already at 475

By The Associated Press

A record accident death toll fell a grim aftermath today of the nation's Christmas holiday week.

The violent death toll reached 475 during the holiday, 54 hours and 11 minutes from 6 p. m. Friday to midnight Sunday.

Deaths in traffic numbered 362. Fires claimed 50 lives. The remaining 63 victims met death in a wide variety of mishaps.

The traffic toll came very close to the National Safety Council's prediction of 400 deaths for the holiday season.

The holiday accident death figures compared with a non-holiday weekend with 350 deaths, according to the National Safety Council.

Russia Trying to Woo Japan Through Paris

TOKYO (AP) — Russia was reported today to be wooing Japan via Communist satellite embassies in Paris.

Japan is replying with a cautious wait-and-see attitude, diplomatic sources here said.

A report from Paris said Communist Poland sounded out Japan's ambassador on the possibility of renewing diplomatic relations with Russia and Poland.

Foreign Minister Mamoru Shigemitsu reportedly instructed Japanese officials to be cautious in dealing with the Russian ambassador.

Shigemitsu, to reply cautiously to Stanislaw Galeski, Polish ambassador in Tokyo.

Galeski reportedly contacted Shigemitsu about 10 days ago. He said he had offered Warsaw's good offices in reestablishing Japanese relations.

Galeski's reported offer came in the wake of propaganda from Moscow that indicated the Kremlin wanted to "normalize" relations with the Japanese.

The plan to rearm the Germans as an equal partner in the free Western alliance was the subject of five more votes in the assembly, and the French government said it would be late in the day before the final decision was reached.

If the French reject the plan, the President may return at once to Washington to discuss the new situation. His personal plan, Coudreau III, is standing at St. Paul Field near the State Department.

If Germany rearmament is approved, Eisenhower will probably stay at his holiday retreat until Jan. 3, working on his first meeting with the new Congress.

James C. Hagerty, White House press secretary, said the President's budget message to Congress would be sent by the end of the week.

Heavies Meet in Bout Tonight

By MURRAY ROSE

NEW YORK K. H. Heavyweights, Dan Wynn and Cesar Brown, met tonight in what could be billed as a battle for survival at New York's St. Nicholas Arena (DuMont-TV, 10 p. m. EST). Although neither has been doing well of late, they still possess formidable non-loss records. Brown's record is 43-10 with 20 knockouts. The heavyweight class, being what it is today, it doesn't take more than two good showings to get back in the rankings. It only took two wins by Charley Markos to get back in the money, and Brown and Wynn hope to do the same.

Winn's Billy McNeese, a crowd pleasing 22-year-old middleweight, from Islip, N. Y., takes on veteran Bobby Dykes of Miami at Brooklyn's Eastern Parkway in the other TV show tonight (ABC-TV, 10 p. m. EST).

Winn's three straight, the rangy, blond winstler is rated one of the best prospects in the booming middleweight division with a 23-2 record. His aggressive style is right up Dykes' alley. Bobby Jones and Daugherty, then fresh from a win over the champion of Orange Bowl winning 17-14. Brown, however, didn't get in that.

Morris, Jones and Daugherty have never known anything except victory in bowl warfare. Lucious Tate beat Mississippi 24-7 in the 1953 Sugar Bowl, and Brown beat Virginia 22-0 in the 1954 Sugar Bowl. Arkansas doesn't even have the coach when it last appeared in a bowl game, the Dixie Bowl in 1948.

Arkansas beat a lot of teams with much more experience during the 1954 campaign and won't be frightened by Georgia Tech, who were the only team to beat them. The Razorbacks are as good as better than Tech. Henry, who was the Razorback fullback, gained 60 yards rushing compared to 46 for Tech's top runner, Jimmy Thompson.

George Walker, the sophomore Arkansas tailback, completed 45 of 63 passes for 603 yards compared to 39 of 77 for Brown. The leading Tech player, Preston Carpenter, Arkansas block back, caught 21 passes for 206 yards while Henry, Tech's fine wingman, snared 24 for 270.

Living Proverb—it isn't often that a photographer is fortunate enough to photograph a winstler in this pose. The three young champs assumed the "Hear No Evil, See No Evil, Speak No Evil" attitude at the Hamburg, Germany, Zoo.

NEW YORK (AP) The Sugar Bowl, not only has landed the outstanding attraction of the New Year's Day program but has also scored a victory over its bowl rivals which could have a lasting and important effect upon the whole business of post-season football.

By going to the Sugar Bowl, and claiming to itself up with any athletic conference, as the Sugar Bowl officials took a big gamble, they have won a big victory. The Sugar Bowl has demonstrated that the Sugar Bowl is the only one of its kind in the country.

As for Notre Dame, there have been rumors for several years that the Irish were about to play in the bowl game. The Irish, however, have been strongly denied as fast as they were rumored. But they might not be the next time. The new coach, Terry Brennan, being very different from his predecessor, Frank Leahy, has made it clear that he is not interested in the bowl game.

As for the Sugar Bowl, it has been a success. The Sugar Bowl has demonstrated that the Sugar Bowl is the only one of its kind in the country. The Sugar Bowl has shown that it is the only one of its kind in the country.

Delight to Play at Blevins

The Blevins Senior boys basketball team will entertain the Senior boys team from Delight on the Horne court Friday night, December 31. Senior and Junior girls games are also scheduled.

Experience Is in Favor of Georgia Tech

DALLAS (AP) It is experience in the payoff Georgia Tech should win the Cotton Bowl football game in a breeze Sunday.

The Yellow Jackets, who clash with Arkansas in the Dallas feature, have been in so many bowl games they're as common as regular season contests. This is the fourth straight year for Tech to play in a major bowl and there are three members of the team who have made all of them.

These three are Larry Morris, the great center; Capt. Lloyd Stephens, the great center; and Ben Daugherty, tackle. Lloyd Stephens was named the 1954 Most Valuable Player of the team. After the game, the entire team and Coach Stephens will play against the team of Orange Bowl winning 17-14. Brown, however, didn't get in that.

French Are Confused, May Scrap Plan

JAMES MARLOW
Washington Post Staff Writer

PARIS, Dec. 26.—The French government today said it was "not sure" whether it would scrap its plan to bring a rearmament treaty to the North Atlantic Treaty Organization, which now has 12 members, including the United States, Britain, France, Canada, Belgium, the Netherlands, Luxembourg, Greece, Turkey, and Italy.

The plan, which was announced last week, called for a joint defense force of 100,000 men, with 30,000 men from each of the 12 nations. The plan also called for a joint command structure, with the United States as the senior partner.

French officials said they were "not sure" whether the plan would be accepted by the other 11 nations. They said they were "not sure" whether the plan would be accepted by the United States, which has been the driving force behind the plan.

Fight The Wild River

by EDMUND CLAUSSEN

THE STORY: Riverboat Captain Croch is battling for his right to haul ore up and down the Colorado River. His chief competitor is Captain Jamison of the powerful Navigation Company, which owns three boats. Jamison got one of his boats grounded and was unable to keep Croch from recapturing the bridges which Jamison took at La Paz.

XVIII. Navigation Company at length launched a new policy of aggression which left Croch scarcely enough cargo to pay his Coccopole. The Amorin twin-wheel drive of the combine, was an hour upriver as Croch rang off his engine and put his smoky-nosed steamboat in toward Zorro. A few hundred yards below the landing lay the bulk of the beached San Diego that had tried to ram them.

Ben Goss squeezed into the wheeshouse beside Croch's boat. "You see her standing down on the landing? A fussy lady he'll be after us for some favor, I know!"

At the moment Croch was thinking of another woman and not of the ladies. For weeks there had been no news of Dreyfus. Somewhere in his tracksides region beyond the river, Queenie was keeping a camp. Queenie, who had spoken to him about politics.

"Get down and do what you can for her," Croch told him. "China Boy not to burn whatever kind of a mess he's cooking. We're after a lady passenger at dinner!"

Mention of the Chinese brought a smile to Croch's face. He had nearly lost their blood the father RH positive. The Japanese government, declared since earlier this year for volunteering blood in a similar case.

Technician in the U. S. Army laboratories here, Silva donated at once or two of his rare blood. "Get down and do what you can for her," Croch told him. "China Boy not to burn whatever kind of a mess he's cooking. We're after a lady passenger at dinner!"

Three out of four traffic accidents occur in clear weather on dry roads. The mother has RH negative blood.

Costs More to Run Today's Kitchen, But Hours Are Reduced

The average American housewife today spends less than an hour and a half preparing her family's three meals, compared to the endless hours required by her grandmother to do the same job. The difference, of course, lies in today's precooked or processed foods.

This revolution in the American kitchen is a little more costly than grandma's way, but a pamphlet from General Foods Corp. says it is paid for in the savings of time and money.

The Department of Agriculture reports to prove that the use of precooked or processed foods entirely pays for itself in the same quantity of raw foods. It says she cuts her working day by three-fourths.

But she cuts the raw foods her grandmother used the money to buy. In the kitchen today, an hour—a scale which our authority says is the modern housewife's—has been reduced.

And here is another commentary on the cost-of-living index. The Department of Agriculture says this year's agricultural bill will be \$4 billion dollars, about 10% less than last year's. The reason is that the price of food has fallen.

But, says the federal agency, we were eating the same food before. The price of food has fallen, but the quality is the same. The price of food has fallen, but the quality is the same.

Mendes Appears Certain to Win New Confidence

By WILBUR LANDREY

PARIS (U. P.)—French approval of German rearmament appeared certain today, but the final decision comes tomorrow when Premier Pierre Mendes-France takes the issue on two more votes of confidence.

The reluctant national assembly approved German entry into NATO by a vote of 289 to 231 yesterday. The vote was taken in an atmosphere of grim silence.

The Golds said they left jobs in London in July, 1953, and entered the U. S. Army. They worked in a locomotive factory for wages of \$1 a month, they decided they had had enough and headed for home.

The Communists caught them trying to escape and held them for 10 weeks. They finally regained their freedom last month, after agreeing to sign a paper saying they had been "well treated."

There were several Americans and Germans there who were beat up at intervals, Sydney Gold said. Some of them were taken to a few days and never heard of again.

Approval of the interlocking agreements adds up to one thing: Germany is to be a free country under NATO and Western control. Germany is to supply the Western defense 500,000 men making up a 10th Division Army and the Western Navy.

Mendes-France received the vote on NATO to a successful conclusion. The vote was taken in an atmosphere of grim silence.
